

First International Ayurveda Congress

Austria • Klagenfurt • 1st and 2nd October 2010

www.ayurveda-austria.com

First International Ayurveda Congress • Austria • Klagenfurt on the Lake Wörthersee • 1./2.10.2010

INVITATION

Ladies and gentlemen,

in collaboration with the Department of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy (AYUSH) of Ministry of Health & Family Welfare, Government of India and with the support of Embassy of India in Austria, the Austrian Association for Ayurveda and the Carinthian Chamber of Commerce is organizing the **First International Ayurveda Congress in Austria**. We cordially invite you to participate in this novel initiative.

The target audience for this congress is all Ayurvedic experts who are at the cutting edge of research in this field and wish to share their experience with colleagues.

This Ayurveda Congress in Klagenfurt is of great significance. For the first time ever, European medical practitioners and Ayurvedic practitioners from all over the world will meet to discuss the possibilities of reciprocal enrichment for these two spheres. In particular, the congress will explore the benefits that could arise for European medicine through the integration of Ayurveda knowledge.

The Ayurveda Congress focuses on the following:

Prophylactic medicine: Measures of protecting one's health from the point of view of western traditional medicine and ayurvedic medicine

Geriatrics: The advantages of caring for and treating the aged through combined measures of western traditional medicine and ayurvedic medicine

Pañchakarma: 5 ayurvedic methods of purification; comparative study of these methods with the methods of traditional medicine; presentation of ayurvedic methods of treatment

Introductory seminars: Ayurveda for druggists, masseurs and energy-practitioners, as also for laymen

We look forward to welcoming you in Klagenfurt, Austria in October for the exciting and enriching event on Ayurveda.

With very best wishes,

Dr. med. Sebastian Mathew

Dr. Günter Schmidauer
